

# Simon Says

Simon Addleman has learned the secret that was found on the Brenan Ranch!

Follow my directions, and you'll find out what I know!

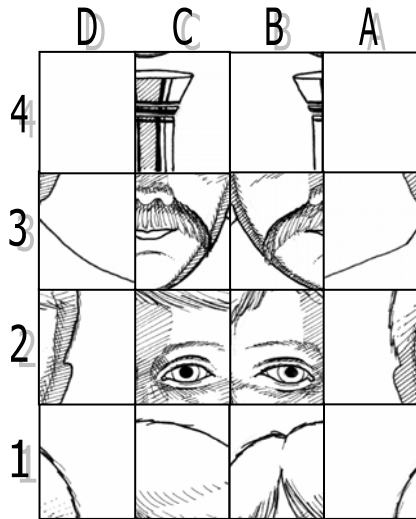

## Simon says...

- ... write the words **Brenan Ranch**. \_\_\_\_\_
- ... switch places for the **a** and **e** in **Brenan**. \_\_\_\_\_
- ... remove the space between both words & change the capital letters into lower case. \_\_\_\_\_
- ... add the word **son** to the end – no space. \_\_\_\_\_
- ... turn the **b** so it faces backwards \_\_\_\_\_
- ... change the second **a** into a **g**. \_\_\_\_\_
- ... add a **v** after the **e**. \_\_\_\_\_
- ... add the letter that sounds like **eye** to the end. \_\_\_\_\_
- ... turn the first **n** into **y**, and the second **n** into **a**. \_\_\_\_\_
- ... trade places with the **n** and the **c** that are next to each other. \_\_\_\_\_
- ... change the 12<sup>th</sup> letter to **a**. \_\_\_\_\_
- ... turn the first **n** in a half-circle so it's upside-down. \_\_\_\_\_
- ... change the letter that sounds like **sea** to **r**. \_\_\_\_\_
- ... place at the end, the same letter as at the front. \_\_\_\_\_
- ... put a space between the 9<sup>th</sup> & 10<sup>th</sup> letter. \_\_\_\_\_

To find out the answer, write this phrase backward in the space below!

Kendall Park thinks he's found a \_\_\_\_\_ at the Brenan's ranch!

# Draw Simon

This little puzzle will make it easy for you to draw Simon Addleman -- even if you're not an artist!

Draw what you see in each square in the box at the left, in the corresponding square below (make sure to go by the numbers and letters -- the picture will become unscrambled).
